

## News in Brief

### Remembrance Service 11am 11 November

This year marks the 104th Anniversary of Armistice and the end of World War 1. The school delivered a short service over the PA followed by a minutes silence. Year 10 Student Paige Pickford read 'In Flanders Fields' by Lt Col John McCrae followed by Mr Baltovich who read the Ode

The last post was played by Sotirios Katsaitis in Year 11.

### Demountables on the move...

The last demountable classroom was removed from the school oval on Friday. When they arrived in 2015 to accommodate the growing student population and first Year 7 intake some members of the community were concerned. However, the rooms were always a temporary solution and have served as well equipped, air conditioned and spacious classrooms. With our new builds in Science and Mathematics we can now fully cater for all students. The recent addition of Bob Hawke College and restructure of Churchlands SHS intake boundaries have resulted in reduced student numbers and therefore the need for less general learning areas. The demountable classrooms will now be utilised at other schools in WA with at least one on its way to Paraburdoo. Thank you to our Associate Principal of operations Ms Deb Hoy for re rooming the timetable to allow for the demountables to be removed this year.

### Coral Bay Camp Year 8 AEP

An amazing week was had by 67 students and 7 staff who took part in the Year 8 AEP Coral Bay Camp. The weather was perfect, manta rays were plentiful and much was learned about this wonderful part of the world. The camp culminated in a cooperative learning task where students cast themselves as stakeholders and designed environmental management plans to ensure the sustainable development and protection of the region. More photos to come in the newsletter.

### HASS - Year 9 Civics and Citizenship Course

Some of our year 9s enjoyed a visit from our local Federal MP for Curtin, Kate Chaney as part of their HASS Civics and Citizenship course. Kate spoke to the year 9s about what it was like campaigning as a independent in this year's Federal Election, what working in parliament is like and answered many interesting questions from our students on her role as an independent member of parliament. It was an informative and interesting session.

### Homework Club

Week 7 will be the last week for homework club - However, the library will close at 4pm each day.

### Residency Status

If your child's residency status has changed (visa sub-class) or if now a citizen, please email the school with supporting documentation. Student residency has an impact on SCSA (School Curriculum and Standards Authority) Awards as well as information sent to TISC (Tertiary Institutions Service Centre) and it is important that this information is accurate.

## What's Coming Up?

	Term 4, 2022
<b>Nov</b>	
15	Workplace Learning Parent Information Night for Year 11 & 12 students in 2023
15	Year 11 Visual Arts Exhibition
15-18	Year 10 Exams

# Churchlands Bytes

## Churchlands Chaplaincy Mini Fair 3 December Volunteers Needed

Multiple tasks and a lot of helping the older people who run the different stalls but have health problems which limit them in lifting /carrying items etc.

Also sorting the last of the books into categories, setting up tables with produce and multiple small jobs that arise, since most of their lovely workers are in their 80's, that is why your assistance will be so important for them.

**Wembley Downs Church of Christ**

**10 Bournemouth Crescent, Wembley Downs.**

Wednesday 1 February	8:00am – 4:30pm (first day back)
Thursday 2 February	12:00pm - 5:00pm

Regular Trading days resume Tuesday 7th February 2023

# FAMILY AND COMMUNITY ENGAGEMENT

## Formative Assessment - Example 12

### Year 7 Science – Ms Leah Anthony

In Year 7 Science students learn about the interdependence of organisms in ecosystems. Students need to create and interpret food webs. The following formative assessment involved students getting clues to generate their own food web. Once completed individually they formed groups to discuss and compare their work, providing each other with feedback and making amendments to ensure that their food web incorporated each clue. As the teacher I observed the students to ascertain their level of understanding of this key concept.

### Ocean Food Web Clues Challenge

- Phytoplankton are the main producers in the ocean ecosystem.
- Zooplankton are the primary consumers of phytoplankton.
- Krill feed on smaller organisms such as phytoplankton and zooplankton.
- Krill are eaten by many organisms, including fish, blue whales, penguins and squid.
- Fish are the prey of herring gulls and tiger sharks.
- Leopard seals hunt penguins and fish.
- Zooplankton are eaten by krill and fish.
- Tiger sharks are carnivores, feeding on various fish and sea birds.
- Killer whales have many prey, including seals and penguins.
- Tiger sharks and killer whales are apex predators.

### STARGIRLS STEM CAMP JANUARY 23RD-25TH 2023

at ICRAR (both Curtin and UWA nodes) and the Pawsey Supercomputing Centre

**Are you interested in pursuing  
astronomy, engineering or data science  
as a career path?**

Join high school girls and other underrepresented genders for a FREE  
Astronomy Day Camp hosted by the

International Centre for  
Radio Astronomy Research

This is a FREE day camp, open to students in year 9-12 from underrepresented  
genders in astronomy, with food provided.  
For more information and to apply scan the qr code or visit  
<https://www.icrar.org/events/stargirls-stem-camp-2023>
