Congratulations

Students perform at ANZAC Day March

It was great to see so many Churchlands students participate in the ANZAC parade in Perth on 25th April. Two bands consisting of 98 students and 4 staff proudly played and marched along St Georges Terrace to their destination of Langley Park.

Well done to all students and staff, we acknowledge all the rehearsals you attend to perform to such a high standard. You looked great too!

School canteen online ordering service

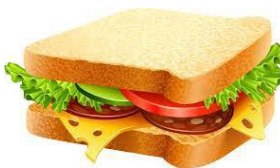

The school canteen would like to inform parents that they have joined the new online ordering service 'Flexischools'.

Parents and students can sign up for an account at

<https://flexischools.com.au/parents>

Register here and watch the short video on how to order food.

This service will be available from 1 May 2023 and every family that registers for Flexischools will receive \$5 credit. They will also donate \$5 to the school P&C. Limited time only 1-14 May 2023.

Formative Assessment: Learning Intentions and Success Criteria Science Example

Reminder: Learning intentions are used to describe what we want our students to learn, and success criteria describe the criteria that we use to judge whether the learning activities in which we engaged our students were successful.

It is important that learning intentions and success criteria are visible for students. The example below was used in Science lesson on eclipses with Year 7 students.

Learning Intentions - What you are learning about

Explain how predictable phenomena on Earth are caused by the relative positions of the sun, Earth, and the moon

Success Criteria - What you should be able to do by the end of this lesson.

- Label and interpret a diagram of a solar eclipse.
- Label and interpret a diagram of a lunar eclipse.
- Identify the difference between a solar and lunar eclipse.
- Explain why the duration and nature of eclipses varies

Listen to Dylan Wiliam explain more about learning intentions and success criteria here:

School Board Members Profiles

Matt Turnbull

I joined the School Board as a parent representative at the start of 2022. I have really enjoyed having the opportunity to contribute to the running of the school. We have a great school and it is brilliant to see the enthusiasm from students, staff, parents, alumni and the broader community for all the activities being pursued across music, academia, sport and the arts.

My own relationship with Churchlands started in 1992 as a Year 8 student. The next five years provided me with a solid platform for starting my adult life. A big highlight was the 1994 Music Tour to the USA, and I am excited to see two of my kids heading off to Japan on this year's tour. I am looking forward to working with the School Board in the coming years to make sure we can continue to offer an environment and the experiences that allow our students to thrive.

FAMILY AND COMMUNITY ENGAGEMENT

Rotary Youth Exchange Be A Part of Something Great

Hosting a Rotary International high school exchange student is a life enhancing experience for you and your entire extended family.

It is a unique opportunity to get new perspectives, explore new customs and share Australian culture.

Most of all, you'll build special friendships and connections that often last a lifetime.

QUICK INFO

- Most families host an exchange student for 3 to 4 months.
- Students bring their own spending money and medical insurance.
- Couples, families with children, single people, Rotarians and non-Rotarians can all make excellent hosts.
- You will receive lots of support from Rotary.
