## Congratulations

### What's happened

#### News in brief...

- Students participating in the Year 10-12 Athletics Carnival on 10 August enjoyed beautiful weather conditions as events took place on the school ovals. Students participated by nomination only and those winning events will go on to represent Churchlands at the Inter-school carnival.
- Year 11 Food Science and Technology students have again flaunted their culinary skills baking cup cakes for the 2022 'Big Bake Off'. Staff had the arduous task of taste testing and giving scores on presentation.

- Through the 'Solar Power to Scholarships Project', the Churchlands Foundation is able to channel the savings from the reduced electricity costs towards scholarship and grant programs for students and staff. Up until 2022 only Music scholarships have been available. In 2023, The Foundation will be expanding the scholarship program to include academic, environmental, group leadership, individual leadership and special focus programs. More information available soon.
- Native seedlings grown at Churchlands by gardening club students were planted last week as an ongoing initiative to combat land degradation. 18 students travelled to the Corrigin and Yealering districts for the 2022 Trees for Survival Camp. Students developed an awareness of environmental practices in the Wheatbelt area of WA. The student volunteers are to be commended.

- Over 100 parents and students joined the school tour last Friday to hear from the Principal and view the facilities of the school. When questioned, students relayed that they loved the Arts, Woodwork and STEM rooms in addition to the amazing Sports Hall.
- A national action plan will be developed to fix the 'massive challenge' of teacher shortages. The plan will focus on strategies to encourage more people to become teachers, to help prepare them for the workforce and to retrain the teachers already in employment.

Congratulations to Year 12 student **Violet Reeves**, who was a recent award winner for Confucius Institute's 2022 Mandarin Speaking Short Film Competition. Various students around the State won a range of awards including Best Documentary, Best Drama, Best Acting Performance, etc. However, the Best Mandarin award was won by Violet. The ultimate prize in such a competition for any language student!

#### Japanese Student Visit

Last week Churchlands welcomed 18 students visiting from Shimodate Daiichi High School, Ibaraki prefecture, Japan. The visit was part of a cultural exchange and visiting students were buddied up with Year 10 students from Churchlands. They observed classes and were actively engaged in language studies. They had a wonderful visit it was obvious to staff that students from both countries benefited greatly from experience.

## Pedal Prix 2022 - Busselton

Last weekend our STEM students from across Years 8 to 12 and even some alumni descended upon Busselton for the National Pedal Prix event. Students had been tinkering with their trikes all year and had the opportunity to race them at local events but nothing quite as big as Busselton. The students camped at Busselton SHS High School after a day of preparing their vehicles and race day was nothing but spectacular.

Students collaborated together to ensure the trikes were moving fast for the entire 6 hour race and there was essentially no downtime, a new record! Sore legs and sweaty clothes were a sign of a successful campaign. Congratulations to all the STEM students for a perfect weekend down south – bring on next year!

## Student Leaders visit Parliament House

Year 12 student leaders visited Parliament House for a tour with locals members Mr Stuart Aubrey MLA, Member for Scarborough and Ms Christine Tonkin MLA, Member for Churchlands. In addition to experiencing parliament in session and 'Question Time' live in the House of Representatives, the students were treated to a seated lunch in the Dining Room.

## What's Coming Up?

### SUBIACO MARIST CRICKET CLUB

Welcome to the 2021/22 Subiaco Marist Cricket Club cricket season! We field teams for girls and boys aged from 5 – 17, and are always keen to welcome new players.

Our introductory Cricket Blasters programs are for kids new to cricket, teaching them the basics of cricket in a fun, safe and interactive way. Held at Newman College 5pm Fridays.

We also have teams in each year level from under 10 to under 17, where young cricketers can develop their skills and enjoyment of the game, with mid-week training and games on Saturday or Sunday (depending on grade).

The season starts in October and registrations are open now.

Please register at: click here or

visit <http://smcc.wa.cricket.com.au/> to find out more about our club. (Registrations close in September for Juniors and early October for Blasters).

Please contact us at [subiacomarist.info@gmail.com](mailto:subiacomarist.info@gmail.com) with any queries.

# FAMILY AND COMMUNITY ENGAGEMENT

## Formative Assessment Year 8 Food - Example 8

Year 8 Food – Ms Gillies

In Year 8, students study Home Economics over two terms. One term is Food and one term is Textiles. During the first week of Food, students are introduced to the cooking room and their first recipe – pizza muffins.

Each week students work in groups of 2-3 to make a recipe. This formative assessment sheet is given out individually. It allows students to reflect on how they feel they went individually and as part of their team. We use this data to assess if students are understanding the key content learnt in class that week, as well as to check if they are able to follow the practical class requirements. Cooking at school can sometimes be quite different to cooking at home!

### Pizza Muffin Self Evaluation

Congratulations on your first practical lesson in Home Economics! Now you are going to reflect on how it went.

- How did you go with collecting the ingredients and will you do it differently next practical lesson?
- Did you work effectively in your group? Give examples.
- What would you rate the taste of your pizza muffin out of 10?
- Could it be improved, and if so, how?
- Did you stack your dirty dishes on the correct side, use hot soapy water and a dish cloth to clean them?
- Do you think a pizza muffin is a healthy snack? Explain why/why not.
- If you were to make this again, what would you do differently?

### The Fathering Project Top Tips

1. Check in every day
2. Reading their signals
3. Talk about body boundaries

#### Top Tips everyday connecting

- Make time to connect at home together each day if possible. When you get home from work, around the table at dinner time, or at bedtime.
- Check in with each child for a chat about what they have been doing, how they are feeling and any news they have.
- Really 'BE THERE'. Put away the phone and connect with your kids.
- Create opportunities to communicate. You never know when your child will open up to talk about something really important to them.
- Listen to them and get to know about your child as an individual. Their thoughts, their feelings, likes and dislikes, their friends and their dreams.

### Weekly Dad Tips

# STEM WORKSHOP

For Years 9, 10, 11, & 12

Inviting students interested in Engineering, Physics, or Mathematics to come and explore engineering and applied science concepts through a series of hands-on and engaging workshops during the school holidays.

The activities are STEM (Science, Technology, Engineering & Mathematics) focused and have been designed and developed by ECU's School of Engineering for their CREATE program.

Through these workshops, students will have the opportunity to engage with multidisciplinary studies relating to a range of different engineering fields, the courses they are aligned

to, and the diverse career opportunities they will have the potential to experience as engineers.

Do not miss out on the opportunity to attend these workshops. Register your participation at <https://www.trybooking.com/CBUPC>

Come to an ECU Open Day to see exhibitions, hear talks, get advice, enjoy food and entertainment and even win prizes.

## 2022 WAAPA @ ECU OPEN DAY

### Explore behind the scenes at WAAPA

The Western Australian Academy of Performing Arts (WAAPA), at Edith Cowan University's Mount Lawley campus, is opening its doors to the public for the annual ECU Open Day event.

**Date:** Sunday 21 August

**Time:** 9.00am to 2.00pm

**Venue:** WAAPA, Edith Cowan University, 2 Bradford St, Mt Lawley

**Parking:** There will be free parking all day across campus.

Showcasing its wide range of performing arts courses and state-of-the-art facilities for prospective students, the WAAPA Open Day offers the perfect opportunity to look behind the scenes at Australia's premier performing arts academy.
