

## What's happened

### P&C Community Art Exhibition

The annual Churchlands Community Art Exhibition was held over the weekend. Opening night was a wonderful event with over 250 attending, including many of the artists and friends and family from the Churchlands community. Mia Laing, the guest artist, spoke about her love of painting, the work involved and where she draws her inspiration. The school purchased her wonderful piece 'Darling Don't be Like the Others', which you can view in the Admin building.

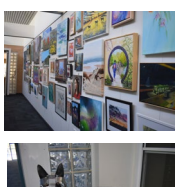

The exhibition was a great community event success and there was over \$15,000 sold on opening night!

Year 11 student Jesse Gibson provided wonderful musical entertainment on his keyboard while Year 10 and 11 Community Service Students kept the crowd well fed with an array of finger food catered by the school canteen.

The P&C wishes to thank the many artists for their fabulous works, the staff for supporting the event, and an enormous thanks to the Art Committee and many volunteers who gave of their time to help make the event such a great success.

Principal Neil Hunt, Guest Artist Mia Laing & P&C President Gabriella Jerratt

### How to contact your student at school

Parents wishing to contact their students for emergencies only, can do so via reception on 9441 1700.

As students cannot use their mobile phones between 9.10am and 3.15pm they may use the school phone in the event parents need to be contacted. They can do this at Student Services.

Due to the number of students in the school we are only able to pass on URGENT messages from parents or caregivers.

### From the Board Chair

Recent events have left me truly impressed by the breadth of talent and the resilience of the Churchlands SHS community. The production of Annie was outstanding, and to achieve that level of performance with all the challenges leading up to it - simply amazing! The same can be said for the Art Show - what incredible talent in our community.

It is our staff who make this school the amazing place it is and we are grateful for every contribution from every member of staff, we cannot express our thanks enough. The staff are collegiate and collaborative and have stepped in to fill the multitude of gaps daily due to COVID and illness.

As a result the experience for our students has been seamless, their education has continued despite not always having their usual teacher, although I'm sure they are also pleased to have them back.

In addition, the display of resourcefulness by the Executive Team in also covering the large number of staff shortages through the last few weeks has been phenomenal. It makes me reflect on what I would have felt if my High School Principal showed up to teach my science class, trepidation or admiration (probably both!).

Well done to all!

Katherine Sturley  
Board Chair

## Congratulations

### to Neel Kalia in Year 11

who has just been awarded the Cricket Australia National Young Volunteer of the Year Award for his volunteer work at Wembley Districts Junior Cricket Club.

Neel has coached the Star Blast program giving up his weekends and school holidays to coach children with a disability. As a result, two of his team mates have become volunteers and young leaders look to him to guide them in their involvement.

Well Done Neel!

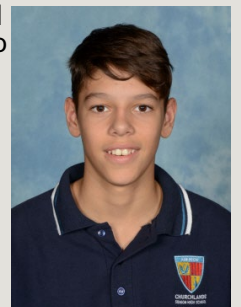

### to Jhye Stoker in Year 9

Jhye attended trials for the U16 Metro Boys basketball team in January 2022, 110 athletes turned up for this event. From Jan- April Basketball WA (BWA) with Coaches began a process of elimination. In April 2022, Jhye was selected to be a part of the State Squad that consists of 20 metro boys from various basketball clubs. Jhye's WABL club is the Perry Lakes - Hawks.

After the squad was chosen, there were still various training sessions to eliminate players as a team of 10 would make the State Team.

Jhye was selected for WA U16 Metro Boys Team to play in the U16 Australian Junior Championship. All games will be held in Perth this year at Warwick Stadium - 3 July to 10 July.

Congratulations Jhye!

# Churchlands Bytes

## What's Coming Up?

On Tuesday May 17th Churchlands went **rainbow** to celebrate IDAHOBIT day with activities including face painting, flag raising, form quiz, library book display, Friday Beatz and Rainbow accessories. For a coin donation students also got to enjoy rainbow popcorn, cupcakes and fairy bread, together we raised \$210 dollars for Minus 18 Youth.

This is our way of standing up against discrimination and showing our support to our LGBTQIA+ community. It's a day that makes a huge impact. Every classroom discussion, staff room morning tea, school assembly, and rainbow flag raising ceremony creates visibility, and starts important conversations.

It's more important than ever to stand with the LGBTQIA+ community, and to let LGBTQIA+ young people know they're supported. 31 years ago - on May 17, 1990 - the World Health Organization removed homosexuality from the Classification of Diseases and Related Health Problems. International Day Against Homophobia, Biphobia, Interphobia & Transphobia (IDAHOBIT) celebrates LGBTQIA+ people globally, and raises awareness for the work still needed to combat discrimination.

### IDAHOBIT DAY

International Day Against Homophobia Biphobia Interphobia & Transphobia

We are joining thousands of workplaces, schools and organisations in Australia by going rainbow on May 17, to make the world a better place for LGBTQIA+ people.

31 years ago, on May 17 1990, the World Health Organization removed homosexuality from the Classification of Diseases and Related Health Problems.

International Day Against Homophobia, Biphobia, Interphobia & Transphobia (IDAHOBIT) celebrates LGBTQIA+ people globally, and raises awareness for the work still needed to combat discrimination.

# FAMILY AND COMMUNITY ENGAGEMENT

## Formative Assessment English - Example 3

In term 2 the school will share information with you about **Formative Assessment practices**.

The purpose of this communication is intended that parents and caregivers gain a better understanding of the different elements of the Formative Assessment Info-graphic and Formative Assessment when in practice.

### Example Three - Year 12 ATAR English - Mrs Miyanna Stretch

This is an example of how students in year 12 ATAR English were enabled to create their own success criteria for comprehension short answer responses.

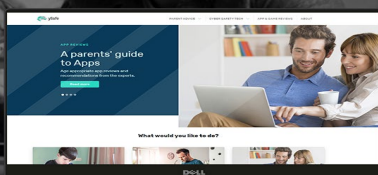

For students to create their own success criteria, they were given examples of excellent work by previous students. In groups they interrogated these exemplars, discussed their merits and devised a set of success criteria to share with the class in a mini tutorial. Here is an example of what one group of students came up with:

**What makes a good response?** You've been writing comprehension short answer responses in English for years now, but, it's really important to keep building on and refining your skills. So how do you know what makes a strong short answer response?

Below are some comprehension responses by students completing the 2017 and 2018 WACE exams. Each response got excellent marks. In your group of 3, read a selection of the responses, cross reference them against the rubric below and discuss exactly what it is that these students are doing that is excellent. Then as a group produce something to show your peers how to ace the comprehension section.

	In responding to texts, the student:				
	A	B	C	D	E
Language, language features, expression and style	Produces articulate, concise and cohesive analysis of the language used, the language features and the stylistic choices in texts.	Produces clearly expressed and logical analysis of the language used and the stylistic choices made in texts.	Discusses some language features and stylistic choices using some clear expression.	Identifies a limited range of language features and clarity of expression is limited.	Does not meet the requirements of a D grade.
Mechanics of grammar, spelling and punctuation	Sustains control of the mechanics of grammar, spelling and punctuation.	Controls most of the mechanics of grammar, spelling and punctuation.	Controls some of the mechanics of grammar, spelling and punctuation.	Demonstrates limited control of the mechanics of grammar, spelling and punctuation.	Does not meet the requirements of a D grade.

We are pleased to announce the launch of our **Parent Cyber Safety Hub**

- App reviews
- Monitoring tool
- How-to guides
- Videos
- Device safety steps
- Conversation tips and more.

Brought to us by Australia's leading Cyber Safety Experts

YSAFE (Australia's leading provider of Cyber Safety Education) provide Churchlands Senior High School parents with access to their own Cybersafety Hub at the following link:

## STEM WORKSHOP

For Years 9, 10, 11, & 12

Inviting students interested in Engineering, Physics, or Mathematics to come and explore engineering and applied science concepts through a series of hands-on and engaging workshops during the school holidays.

The activities are STEM (Science, Technology, Engineering & Mathematics) focused and have been designed and developed by ECU's School of Engineering for their CREATE program.

Through these workshops, students will have the opportunity to engage with multidisciplinary studies relating to a range of different engineering fields, the courses they are aligned to, and the diverse career opportunities they will have the potential to experience as engineers.

Do not miss out on the opportunity to attend these workshops. Register your participation at <https://www.trybooking.com/BZKGL>

Creating Real Engineering and Technology Experiences

## The City of Vincent are currently reviewing our Youth Action Plan for 2023 – 2026.

The City of Vincent is currently seeking assistance in reaching as many young people within the City of Vincent so that they can effectively capture their perspectives and needs.

The City is now seeking feedback from young people aged 12 - 25 to assist in the development of the Youth Action Plan 2023 - 2026! Participants in the survey will go in a draw to win one of 20 prizes including:

- \$100 Coles/Myer vouchers
- \$50 Diabolik Book Store vouchers
- 10 swim passes for Beatty Park.

## 2022 Big Day in Perth IT Careers Conference for Years 9-12

Friday 22 July 2022

9.00am - 2.30pm

Elizabeth Jolley Lecture Theatre,  
Curtin University

Book your tickets so your students don't miss out on awesome presentations from amazing industry presenters including Microsoft, Technology One, BHP, Bankwest, Wisetech Global, Woolworths Group & more to come.

Tickets - \$10 per student - FREE for teachers
