Formative Assessment In Action

Year 7 AEP Science students recently combined creativity and content knowledge by designing double-sided bookmarks to demonstrate their understanding of the phases of the moon. As a form of formative assessment, students participated in a gallery walk where they reviewed each other's work, identified key features of effective communication, and gave feedback. This process supported reflection, clarified misconceptions, and guided improvements. Following the activity, the teacher guided a discussion on how visual tasks like this can support study and revision by helping students organise and retain key scientific ideas.

Career Taster - Year 9 and 10

Recently some Year 9 and 10s had the opportunity to attend a career taster for nursing and medic and the Health Science Hub in Perth. It was an amazing opportunity to learn first-hand what is required of medics and nurses, and the many different roles within the healthcare field.

The students took part in many practical activities, including checking each other's vital signs and learning to use a spine board. It was an eye opening experience to see what goes into working as a medic/nurse. The students were grateful for the opportunity to experience and learn more about these career paths.

Aboriginal War Veterans Commemoration

Aboriginal people are warned that this article contains an image and names of deceased people.

On 28 May, students from Churchlands' Follow the Dream program participated in a ceremony to honour Indigenous Veterans. The service is an annual event, but this one was special because it was the culmination of a shared project between Churchlands, Shenton, Carine, Mount Lawley, Duncraig, Ballajura, Belridge, and Warwick SHS to honour nine Aboriginal soldiers who had previously not been recognised. These soldiers were being honoured as part of Reconciliation Week.

The nine "forgotten soldiers" were Michael Connor, Augustus Pegg Farmer, Larry Farmer, Thomas Henry Ford, Stanley Hedley, William John Jackson, Charles Latwood, Henry Mason, and Edward Henry Rawson.

Our school researched Private Henry Mason who was killed in action in Belgium on 24 June 1915. Indi (Year 9) performed a speech about Private Mason before presenting the family with a commemorative plaque which was then placed on the Avenue of Honour in Kings Park.

Supreme Court - Mock Trials

Congratulations to the Senior Mock Trial Team, who faced Bunbury Cathedral Grammar School, and to the Juniors who went up against Sacred Heart College—both securing impressive wins last night! It's evident that the hard work and dedication of our students have truly paid off, especially considering they balanced their exams just hours before the trials.

A heartfelt congratulations to our talented barristers: Matildah-Rose Hayden, Jordan Britz, Jacob Upton, and India Reidy. Also, great job to our witnesses: Maximillian Hall, Eloise Mardesic, Amy McSporran, and Zoe Pettit - and our dedicated solicitors: Beth Dragicevich and Kylee Huynh.

As we prepare for Round 3 in Week 10, let's keep our fingers crossed for a chance at the finals! We couldn't be prouder of our students and their achievements.

Year 10 History

As with many HASS teachers giving up their own time to help students, Mr Jonathan Sherman has given up his recess breaks over the last two weeks to have workshops for the Year 10s. He has offered help and guidance with source analysis and essay writing. These sessions have been very valuable and have been well attended by students.

Business Market Stalls - What a Week!!

Our Year 10 Business Management students wrapped up their market stalls this week. From custom keychains and creative clothing to endless brownies, cookies, and even a full-on BBQ there was something for everyone. Some teams made over \$300 in profit, with two teams smashing the \$500 mark! A few teams have decided to donate a large portion of their profits to charity.

An outstanding achievement and a testament to their hard work, creativity, and entrepreneurial spirit. A huge thank you to all staff and students who supported this amazing initiative. You've set the bar high for next year's classes.

Year 10 HASS Presentations for Year 11

On Friday of Week 9 all Year 10 HASS students will have a presentation on the Humanities subjects that will be available to select for Year 11 in 2026. This is an annual presentation we organise for the cohort that offers an insight into each subject's prerequisites, content, assessment structure, excursions etc. Students and teachers feel it is very beneficial leading up to subject selection, which must be completed Week 3, Term 3.

INFLUENZA and COMMON COLD

The cold and flu season is upon us. To stop the spread of influenza, there are effective measures that students and families can take;

- Stay at home when sick with cold and flu symptoms
- Cover coughs and sneezes with a tissue and sneeze into your elbow instead of your hands
- Wash hands often with soap and water
- Avoid touching eyes, nose or mouth
- Clean frequently touched surfaces particularly when people are sick.

Learning Support News

Nationally Consistent Collection of Data on School Students with Disability (NCCD)

Every year, all schools in Australia participate in the Nationally Consistent Collection of Data on School Students with Disability (NCCD). The NCCD process requires schools to identify information already available in the school about supports provided to students with disability. These relate to legislative requirements under the Disability Discrimination Act 1992 and the Disability Standards for Education 2005, in line with the NCCD guidelines (2019).

Further information about the NCCD can be found on the [NCCD Portal](https://www.nccd.edu.au) (<https://www.nccd.edu.au>).

Please also see Fact Sheet for parents, guardians and carers [nccd_parent_fact_sheet_english_0.pdf](#)

If you have any questions about the NCCD, please contact The Learning Support Program Coordinator, Claire Shoebridge, cshoebridge@churchlands.wa.edu.au by the end of Week 1, Term 3.

Learning Disability Week | 16th – 22nd June

This week is dedicated to raising awareness, promoting understanding, and championing inclusion for people with learning disabilities. It's a time to celebrate the strengths, talents, and unique perspectives of individuals with learning disabilities—and to challenge the barriers they still face in everyday life.

Public Transport Etiquette for Churchlands Senior High School Students

Please remind your young person the etiquette when using public transport:

- Give up your seat for an elderly person, or someone with a disability, or a parent with a baby and pram.
- Students must stand up for adults.
- Be nice to your fellow passengers.
- Be patient, don't push to get on or off. Wait until all passengers have exited before getting on.

Embrace the Churchlands value of Social Responsibility, be community minded and show respect.

Art Show 2025 – A Great Community Effort

Art Show 2025 was a great success, with close to 250 pieces of art submitted by nearly 200 artists. It was fantastic to see such a wide range of work on display, and even better to see so many people come through the gallery over the weekend. The event raised around \$6,500 for the P&C, which will go toward supporting students and community initiatives.

Opening Night had a great buzz, with steady attendance right through the weekend. A big thank you to the MPC for running the bar and helping set the tone for the evening. It was especially good to see students in the gallery, enjoying the artwork and chatting about what they saw.

Thank you to the volunteers and Art Committee who put in a huge effort behind the scenes, and to Principal Neil Hunt, the admin staff, and the Art Department for their ongoing support. Thanks also to Student Services and our student volunteers for helping things run smoothly on the night.

It was a great example of what we can achieve when we work together. Thanks to everyone involved!
