October 2018

### THE FUTURE OF JOBS - World Economic Forum

The future of work is increasingly becoming today's reality for millions of workers and companies around the world. The findings of the latest Future of Jobs Report tabled at the World Economic Forum looks at the trends expected in the 2018-2022 period in 20 economies and 12 industry sectors.

There is a net positive outlook for jobs – amid significant job disruption and change in the skills that our young people will require in order to be successful in a future World of Work. Everyone will need to be lifelong learners and it is estimated that by 2022, we will all need an extra 101 days of learning.

The two infographics below summarise the findings of the Future of Jobs Report in regard to skills and the Job Landscape 2022.

### CEO PERSPECTIVES

<https://www.aisnsw.edu.au/ceoperspectives/pages/default.aspx>

Here and around the world, there is a growing push for education systems to engage more closely with industry and civil society to ensure schools get it right. The project involved interviews with leaders about their priorities and ideas for change. Is this the only way to better prepare students for fulfilling future careers and lives.

## Booking appointments

---

The Career Development Practitioner is always happy to book appointments for students with or without parents in order to help support their Career Development, help with subject changes/choice etc. Students can self-refer and parents can book appointments by phoning on 9441 1704. We understand that many parents work full-time and therefore she will endeavour book before and after school appointments where possible. Please be mindful that she is not always available to take phone calls, but messages can be left on her voicemail and she will return them as soon as possible.
