

Churchlands SHS Special AFL Program

Churchlands Senior High School has a Special AFL Program which begins in Year 7 and continues until the completion of Year 10. The program is designed to enhance students' talent and ability in the sport. It is suitable for students with a special interest in the game and applicants should have above average skills and display an exemplary attitude towards the game.

Students selected in the program will undertake an extra focus in AFL complimented with aspects from the normal Year 7 Physical Education program set by the school. This will enable students to fulfil the full academic program, which is found at Churchlands. Students will be exposed to this program for 2 lessons per week.

Students in the AFL program will be given the opportunity to participate in:

- Interschool Lightning Carnivals
- Competition against other specialist schools

The anticipated cost of the course will be \$80.00 and students will receive:

- Churchlands SHS Specialist AFL personalised training jumper
- Churchlands SHS Specialist AFL shorts
- Red socks for competition

Selection trials for incoming Year 7 students will be conducted at the end of Term 3 to achieve entry into the program. Once a time and date for the trials have been set, all students who have completed an application will be notified by mail with the appropriate details.

It is highly advised that prospective students possess above average skills and have a genuine interest for future development. It is also very beneficial for any prospective player to be involved in Junior Football at community level.

If there are any further questions regarding the program, please do not hesitate to contact me.
