

New Student help

Welcome to Churchlands! Technology plays an important role in your day-to-day education at the school and the following document gives you some helpful tips on how to get online fast.

Connect to the Wifi

1. The school Wi-Fi is called **Student WiFi**, connect to this using your Churchlands username and password
2. If you've used the school Wi-Fi previously, skip to **step 3**. If you're using a new laptop or it's your first time using the school Wi-Fi, open a browser (example: Chrome, EDGE) search in the address bar for **onboard.churchlands.wa.edu.au**. Follow the instructions to complete the one-time install.
3. Once the certificate is successfully installed go to **login.localnetwork.zone** and put your Churchlands username and password in. Click 'Login' to connect (you will have to do this once per day). You can also get to this page by going to the Churchlands website > select 'Students' in the top right corner > select 'Internet Authentication'.

Resources

1. Open a web browser on school laptop
2. Go to **onboard.churchlands.wa.edu.au**
3. There are resources and links for the school map, instructions for installing O365 apps, support documents, useful links, etc.

Change your password

1. Login to a Churchlands desktop computer or library laptop
2. Press **Ctrl+Alt+Del** buttons
3. Select the **Change a password** option

OR

1. Open a web browser and go to <https://myaccount.microsoft.com/>
2. Enter your Churchlands email address and password if prompted
3. Select 'password' from the menu items on the left

Check your email

1. Go to **outlook.office365.com**
2. Put in your Churchlands username and password

OR

1. Go to Churchlands website
2. Click on Student (in the top right-hand corner)
3. Click on Email
