WORKPLACE LEARNING ADWPL POLICY & STUDENT CONTRACT

Outlined below are the conditions that apply to the ADWPL Placement Program component of the school. WPL students will complete the course in the time prescribed by Churchlands SHS. Students must complete the entire duration of the program, and Unit Equivalence will be awarded in relation to the number of hours completed during the placement.

1. Students will conduct their work placement as arranged by the school.
2. Students will undertake work placement at the designated site, as arranged by the school, when they are deemed work ready. To be deemed work ready students must have
 - successfully complete the preliminary activities as outlined by the school.
 - maintained a satisfactory attendance record.
 - demonstrated appropriate behaviour. (A student will be deemed not work ready if they have exhibited violent behaviour, illicit drug use, consistent disrespectful attitude toward others).

Students deemed not work ready will not be able to attend work placement until such time as the school has deemed them ready for work.

3. Students are required to maintain a Journal which is the formal record of workplace learning and will be used for assessment. It is the student's responsibility to:
 - Take their Workplace Learning logbook to their placement every day.
 - Keep a daily record of hours and days worked and have this signed by the employer daily.
 - Complete all written requirements of the logbook daily.
 - Ensure the Host Employer completes the Student Performance Evaluation on completion of each placement.
 - Submit their logbook for assessment at the completion of the placement as this is a SCSA requirement.
4. Transport and transport costs to and from work placement will be parent/guardian/student's responsibility. Students must be prepared to travel, as locations of work placement may not always be local.
5. Costs incurred for any work placement requirements will be the responsibility of the parent/guardian/student, ie, White Card, Police Clearance, Working with Children Check.
6. Absenteeism from work placement requires a phone call to the employer and the school as soon as possible. Absenteeism should only occur if the student is ill, and a medical certificate should be obtained if absent for 2 consecutive days or more. **Unacceptable reasons for absences include appointments that can be made after work hours ie, driving lessons, driving tests, routine dental and medical appointments etc.**
7. Inappropriate behaviour in the workplace may result in the student being removed from the placement. Students, together with parents, will be responsible for obtaining a new workplace.
8. Students must adhere to all workplace rules and regulations whilst on placement. This could include mobile phone use and appropriate use of social media.
9. Parents and students are welcome to suggest suitable work placements. Business cards are the easiest way to identify these contacts. They can be attached to the application form.
10. Once confirmed, the student will not have their placement changed if they do not like it. Any problems should be discussed with VET manager.
11. Application forms must be completed IN FULL by the student and signed by the parent prior to being placed.
12. Parents' consent to the school communicating medical information and other relevant information to Host Employers to maximise success in the program.
13. Daily hours of work as negotiated by the school and the employer shall be the hours of work the student is expected to complete.
14. Students must contact the employer as soon as they receive written confirmation of their placement. Students may be required to attend an interview prior to commencement in the workplace.
15. Students must contact the employer as soon as they receive written confirmation of their placement. Students may be required to attend an interview prior to commencement in the workplace.
16. Students must dress in an appropriate manner for the workplace. Piercings may not be deemed acceptable for particular industry areas. PPE may need to be purchased according to worksite requirements.
