USI Unique
Student
Identifier

All students who are undertaking a Qualification from 2015 are required to obtain a USI number. Without this number, students will not receive the recognition for any work they complete toward a Qualification. Not having a number can have a detrimental impact on a student's ability to achieve their WACE.

All students are required to have a USI number to complete the Subject Selection process via SSO (Subject Selection Online). This will also be linked to Qualifications that students complete at Churchlands Senior High School, through TAFE, with a private training organisation or completing an school based apprenticeship or traineeship.

A USI gives you access to your online USI account which is made up of ten numbers and letters. It will look something like this: 3AW88YH9U5. It is a 10 Alpha numeric digit.

In time, your USI account will contain all your nationally recognised training records.

When applying for a job or enrolling in further study, you will often need to provide your training records and results. One of the main benefits of the USI is that you will have easy access to your training records and results throughout your life.
