Instrumental Lessons

- All students enrolled in music must be having weekly lessons.
- We provide them for students in the GATE Music program and students who learnt through the IMSS program.
- A rotating timetable minimises the impact on other classes.
- Parents can meet the instrumental teachers early in Term 2.
- We don't provide piano lessons.

Ensembles

- Music students participate in a choir and the most appropriate ensemble.
- Ensembles include orchestra, band, specialist choir (for singers), or guitar ensemble.

Performances

- Six school concerts are held throughout the year.
- There are other opportunities to perform during the year. These can include assemblies, festivals, and special occasions.

Expectations

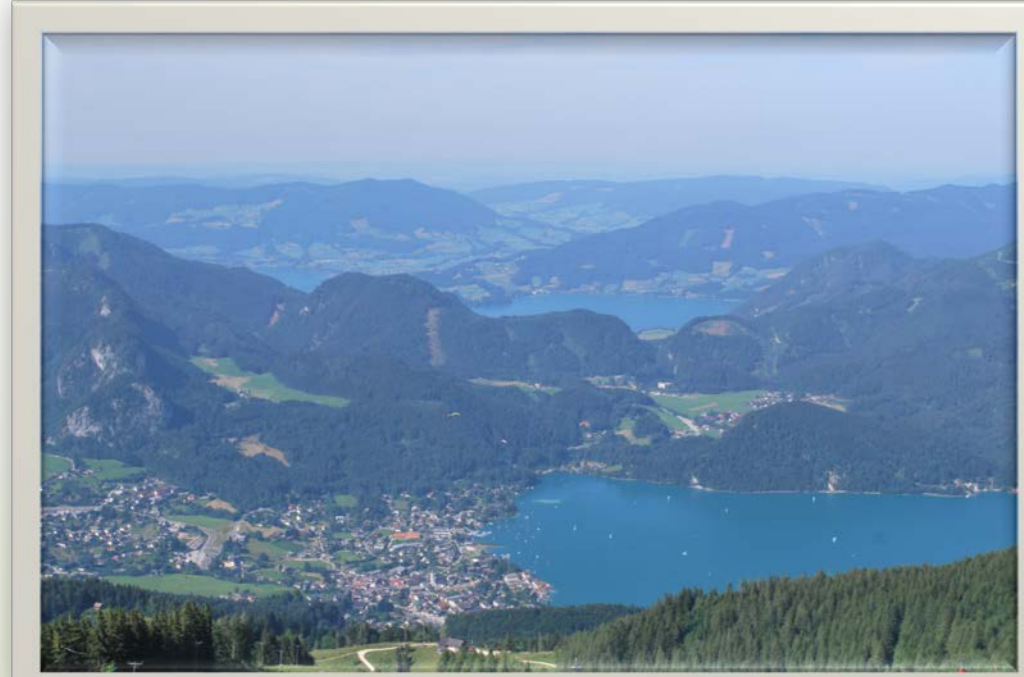

- We expect a high level of commitment to the program. Maintaining high standards is the responsibility of teachers, students and parents.
- We expect 100% attendance at rehearsals, lessons and performances. Otherwise we can't do what we are here to do, and the other students are let down.
- The balance of instruments is essential. An orchestra or band is a carefully balanced group of specific instruments and music written for these groups will not work with gaps or imbalances.
- A student dropping out of the program affects the balance of an ensemble, and this affects many other students.
- GATE students are expected to participate fully until the end of year 12. General students should aim to complete the course at least up to year 10.

- Your children may participate as year 10 students in 2023.

Music Parents Association

- Parents are part of the life of the School of Music.
- The support we receive enables us to provide many of the extra learning and performing opportunities that the music staff offer the students.
- Parents assist as parent helpers in the office, as stage crew at concerts, fundraising, and suppers for concerts.
- Music parents fundraise towards the purchase of music stands, pianos, large percussion instruments (Marimba/timpani).
